CAREER OBJECTIVE / PROFILE

Present situation	Working in an architectural company in Toulouse, FRANCE.
Objectives	Continue to discover various architectural cultures and different ways of working. My experiences in Spain or in USA and the diverse firms I have worked with, can give evidence of these self-interests.
Potential	Invest my knowledge and my abilities in the success of a competitive company. Facility of integration – accustomed to team-work - autonomy expertise . Full computer skills for architecture and graphic design (mastery of many software programs).
